News & Views

P.O. BOX 19830 BALTIMORE, MD 21225

Fellow Club Members:

It's hard to believe that is it June already. Hope the Friday night rain has stopped as we could use some warm weather and good cruise nights. Our Food Drive Cruise Night is June 13th and we need everyone's support to make this annual event a success. Thanks to everyone who helped out with the Swap Meet and Car Show for the Orphan Grain Train. A donation will be made to them and it will be announced at an upcoming meeting.

Harrington is at the end of June and as always we look forward to a great time. We will have a large setup at the show so if you are there stop by.

Don't forget to get the word out for our Junior Street Survivors. Any ideas or suggestions for the Club are always welcome.

Rick 443-829-5658

Chaplains Corner

BY: Dick Smith

My first bike had one gear. Whether I was going fast or slow, uphill or downhill, that gear did everything. My next bike had three gears: one for level surfaces, one for going uphill, and one for going downhill. My third bike had ten gears, allowing me a wide range of choices. Even though it had a lot of gears to choose from, I didn't use all of them every time I rode. Some were best suited for starting and climbing, others were reserved for gaining speed, and others for just cruising along. Even though I wasn't using them all the time didn't mean I would never need them.

The same can be true about our spiritual gifts and abilities. During times when I feel I am not being used to do certain things I once did, instead of feeling useless and unappreciated I thank god for the " gear" I'm currently able to use. Just because a skill is not needed right now doesn't mean it never will be.

Our spiritual gifts are needed in different ways at different times. Needs and circumstances change in unforeseeable and unpredictable ways. In (Titus 3:1) the apostle Paul reminded Titus, "Be ready for every good work". May that be be true of us as well.

Thought for today: Don't wait for 6 strong men to take you to church.

On The Lighter Side

My 3 year old grandson asked me the other day how old I was, and I told him I was 69 years old. He was quiet for a moment and then he asked, " did you start at 1?"
